## If it's October, it's your Mississippi State Fair

By Donna West, Division Director,  
Market Development - MDAC

October is just a delightful month. A month jam-packed with energy, expectation and optimism. Beautiful colors abound with shades of red, yellow, and orange everywhere. They are in that new fall wardrobe you just bought, in the leaves that float and flutter to ground, and yes, in the candy corn waiting for trick-or-treaters on Halloween. In October, the air is crisp, cool, and light, especially since it's no longer laden with warm moisture. It's a month bursting with spirit for football, hockey, and the World Series of Baseball.

Originally the eighth month in the Julian and Gregorian calendar, October was named for the Latin word "Octo", meaning number 8.

When January and February were inserted into the calendar created by the Romans, October advanced into the tenth spot, although it was allowed to retain its name. Comprised of 31 days, October is a rather long month, with almost every day designated as a day of fun, appreciation, notable births, and significant events.

Indeed, October is special for these many occurrences, but here in Mississippi, October is delightful because it ushers in 12 days of merriment, good eats, and hair-raising bliss. If it's October, it's your Mississippi State Fair.

For 154 years, the Mississippi State Fair, located in the capital city of Jackson has been the designated site for adventure, entertainment, competition and feasting. With a hospitable scissor snip of ribbon at 5:00 p.m. on Wednesday, October 2nd, Commissioner of Agriculture and Commerce Cindy Hyde-Smith will officially welcome one and all to the 2013 Mississippi State Fair. "To many Mississippians, attending the State Fair is a tradition and provides folks of all ages a fun-filled environment that is second to none," said Commissioner Hyde-Smith. "You will have a truly wonderful time when you come to the Mississippi

State Fair."

Voted as one of Mississippi's best fairs or festivals in *Mississippi Magazine's* Best of Mississippi 2013, the state fair continues to be one of the most enduring and enjoyable traditions in the state. "With over 100 acres of open space, exhibit areas, livestock barns and a mile-long midway, the possibilities are almost endless for this year's fair to provide enough fun and memories to last a long time." Said Billy Orr, Executive Director of the Mississippi Fair Commission. The fair runs through Sunday, October 13, with a gate admission price of \$5.00 per person. Children under the age of 6 are admitted free of charge. Enjoy free admission weekdays 10:00 a.m. until 1:00 p.m. For a complete fair guide listing, see pages 18 to 20.

In the Budweiser Pavilion, Jayson Promotions presents an outstanding lineup of free entertainment (regular fair admission required), including Don Williams, Eric Benet, Halest RM, Justin Moore, Three Dog Night, Morris Day & The Time, and Blackberry Smoke. Also in the Budweiser Pavilion, enjoy the Rock n' Roll/Country Event, the Texaco Country Showdown, the Blues Event and with the Last Blast, check out the

Bluegrass Event.

And daily at the Trade Mart you'll find cloggers on stage, the Mississippi Band of Choctaw Indians will showcase traditional dances, and there will be displays and exhibits, and contests aplenty. There's the Youth Talent Contest, the Mother and Daughter Look-A-Like contest, and the Mr. Legs Contest. All polished to perfection, you'll find antique and classic cars, along with antique engines and tractors, also on display.

Over in the Kirk Fordice Equine Center enjoy the Antique Tractor Pull, hosted by the Dixie Iron Tractor Club, and the Garden Tractor Pull. Don't miss the State Fair Stockdog Trials, or the Horse and Mule Pulls. And be sure to catch the 4H and FFA Livestock shows as Mississippi youth compete for top honors showcasing the best in livestock and agriculture. The Mississippi Coliseum is the site for Awakening Events Faith & Family Night featuring Casting Crowns. Trustmark presents Senior American Day, featuring Mississippi's own Guy Hovis, Raphael Semmes with Jerry Puckett, and The Diamonds.

Back on the midway, friends and family can take advantage of various ride specials including Ride-A-Thon,

**Mississippi youth compete for top honors showcasing the best in livestock and agriculture. Come see the best in beef and dairy cattle, goats, sheep, swine, and poultry shows at the Mississippi State Fair.**

Ride Survivor, Family Day and Kids' Day ride specials, and of course Last Blast! Don't forget about the FFA Children's Barnyard, Marathon's Circus Maximus, Farm Bureau's petting zoo and pig races. Take a break and visit the State Fair Courtyard where you can sit a spell, eat yummy fair food, and listen to great music each night. And don't miss the Celebrity Beef Cookout Contest!

One of the foremost and fun rituals when visiting the fair is sampling as much "Fair Food" as absolutely possible...roasted ears of corn, cotton candy, corndogs, funnel cakes, turkey legs, caramel apples, and taffy just to name a few. Of course, one extremely important indulgence is the hot, fluffy biscuit. For decades, employees of the Mississippi Department of Agriculture and Commerce (MDAC) have volunteered to scratch bake these southern comforts, fill them with syrup and serve them piping hot—all at no charge. According to Doris Welch, manager of the Biscuit Booth, more than 100,000 biscuits were made and handed out last year. With flour donated by Kroger, buttermilk from Luvel, and syrup from Blackburn, you will not find a better biscuit than those at the MDAC Biscuit Booth!

"For more than 29 years, North American Midway Entertainment has sponsored the amusements along the midway, which is one of the reasons we are regarded as one of the top attractions in the state," said Billy Orr. Adds Commissioner Hyde-Smith, "Whether you come for the food, rides, music, and livestock shows, or the countless other forms of entertainment, we thank you for your support, for without you, this State Fair would not be possible." And October would not be the same without the Mississippi State Fair. For additional information, visit [www.msfair.net](http://www.msfair.net) or call 601-961-4000.

From the moment you step through the gate, that tempting tantalizing aroma of cotton candy, candy apples, burgers, pizza, catfish and chicken-on-a-stick will let you know you have arrived at the State Fair. So get ready for your favorite fair food, rides and games plus some of the best sounds of rock, pop, country and gospel music. The Mississippi State Fair is a tradition of family fun. Don't miss it!

[www.msfair.net](http://www.msfair.net)

Dear Fairgoers,

On behalf of the Mississippi Fair Commission and the Mississippi Department of Agriculture and Commerce, it is my pleasure to welcome you to the 154th Mississippi State Fair. To many Mississippians, attending the State Fair is a tradition and provides families a fun-filled environment that is second to none for all ages. Whether it is the food, rides, livestock events, music, or other various forms of entertainment, believe me, the State Fair always provides great entertainment and memories that will last a lifetime.

As part of all the fun, the State Fair also spotlights Mississippi's strong agricultural industry and heritage. Youth livestock shows and various agricultural attractions, such as the popular Children's Barnyard, will provide excellent opportunities for the fair-going public to learn about this important Mississippi industry.

All the events and activities that you don't want to miss are listed in this informative State Fair Fun Guide. Thank you for helping make the Mississippi State Fair a time-honored tradition and I look forward to seeing you this year.

## Fall Forage Field Day Series

**9:00 am to 12:00 PM**

**Southeast Mississippi Forage Field Day (Perry Co)**  
October 25, 2013  
Simmons Farm

**Northwest Mississippi Forage Field Day (Panola Co)**  
November 1, 2013

**Let's reduce hay supplementation and be more economically sustainable by extending the grazing season.**

Come and join these events to learn more about grazing managements that can improve forage utilization as well as the nutritive value of stockpiled forages. The SW Mississippi field day will focus on stockpiling of warm-season grasses (bahia grass and bermudagrass) to close the gap between summer grazing and annual ryegrass and help reduce hay supplementation. The NW Mississippi field day will focus on stockpiling tall fescue and how clovers could help mitigate fescue toxicosis. Grazing demonstrations will highlight these field days.

Producers interested in attending the event should register at <http://mississippiforages.com> or contact Ms. Kathy Johnson at (662) 325-2701 or [kjohnson@pss.msstate.edu](mailto:kjohnson@pss.msstate.edu). The event is free to the public, but registration is required for meal planning. We look forward to seeing you at one of the Fall Forage Field Days.

## State Fair Quilting Bee

Fall is finally here and with it the Mississippi State Fair. A long time tradition at the Fair is the annual Quilting Bee where quilters from all over the state come together to share ideas and to demonstrate this art to the general public. A quilt furnished by the Fair Commission will be set up in the Mississippi Trade Mart throughout the State Fair and all interested groups or individuals are invited to come in and quilt. Whether you are an experienced quilter or just interested in learning this craft, you are encouraged to come by and stitch with us.

A special invitation is extended to new participants and to old friends who have been unable to attend in recent years to come and join the fun, while helping to provide an educational experience for the people of Mississippi. Regular Quilting Bee hours are from 10:00 a.m. to 4:30 p.m. Monday through Saturday, although night or Sunday hours may be arranged for interested groups.

Anyone wishing to sign up to quilt at this year's Fair or who would like further information regarding the Quilting Bee, should contact Barbara Thum with the Mississippi Department of Agriculture & Commerce at 601-359-1199 or [Barbara@mdac.ms.gov](mailto:Barbara@mdac.ms.gov).

# In Pursuit of The Blue Ribbon

By Lise Foy, Director  
 MS Agriculture & Forestry Museum

In 1841, the New York legislature appropriated \$8,000 to promote "agriculture and household manufacturers in the State." Other states soon followed suit, and so began the tradition of the State Fair - the exhibition and judging of the best agricultural products and livestock produced in the state each year.

Exhibiting our best agricultural products at the State Fair, which started in 1859 in the state of Mississippi, is a tradition that has lasted through the great depression, two world wars and the invention of the cell phone. The purpose for which the fair was established still provides a venue for agricultural promotion, education and science through exhibitions, displays, competitions and demonstrations to be presented to the public.

Kids enrolled in 4-H or FFA work all year in preparation for their projects to be judged at the fair. Carefully choose the fabric, cut out the pattern, finish all the seams. Teach the steer to lead, respond to the show stick, hold up his head. Learn to drive the pig, remember to keep one eye on the judge, and know what is in your animal's feed because he will probably ask you.

In the early years of 4-H, projects mainly focused on canning, corn growing and livestock. Today projects include everything from robotics to insect collecting. It doesn't matter what the subject matter is, the end goal is to teach a kids life skills like responsibility, record keeping, critical thinking, decision making and respect for their own work. The culmination is getting to exhibit the completed project at the fair to be judged against a set of standards.

I remember my last 4-H steer

project I had as a high school senior. He was a Charolias/Angus cross named Slobber. He finished out a little too early and the judge placed him in the middle of his class. And, I understood why. I had learned to judge indicators of the animal's frame, muscling, volume, conditioning and soundness. I could have explained the differences in my steer in comparison to the others, unlike my first attempt at livestock judging around age nine where my reasons included something like 'placing the white one first because he looked like my Daddy's cows.' Based on this increase in practical knowledge of beef production over the course of my years in the beef project, I would wager to say that my 4-H experience was successful.

Judging competitions at the Fair apply to more than livestock. The Mississippi 4-H Learning Center and Pete Frierson 4-H Museum, located on the grounds of the Ag Museum, features exhibits from the 1930's and 1940's showing young people judging cakes, lamps in the home management contest as well as the traveling acorn trophy presented to the winning forestry judging team.

The Mississippi Agriculture and Forestry Museum tells the story of agriculture and forestry as the state's and region's two most important industries. This story is

centered around people and the way they have used determination, creativity, experimentation, and adaptability. Families come to the Mississippi State Fair to view the very best in agricultural products and livestock, and to experience programs and events that they will not experience anywhere except at the fair. When you plan your trip to the State Fair this year, take an afternoon to visit the Ag Museum too. It's a great opportunity to compare today's standards for agricultural production to historic methods and to see how we have advanced in our production methods over the years. You too might learn a thing or two!

The Ag Museum is located at 1150 Lakeland Drive in Jackson and is open Monday through Saturday from 9:00 a.m. to 5:00 p.m. In addition to our gallery and exhibit spaces, the Ag Museum also has room for your event, whether it's a meeting, a wedding, or other special event. # Avenue of Magnolias

Memorials & Honorariums

For over 40 years, thousands of Mississippians have participated in the Keep Mississippi Beautiful "Avenue of Magnolias" Program. Through their contributions, they have honored or remembered someone dear with a beautiful magnolia tree to be enjoyed and appreciated for many years to come. Founded in 1961, Keep Mississippi Beautiful is a non-profit organization made up of a cross section of concerned citizens dedicated to making Mississippi a more beautiful state for residents and visitors to enjoy. Keep Mississippi Beautiful's major project is the "Avenue of Magnolias", which calls for planting at strategic locations leading into Mississippi of the Magnolia Grandiflora, the state tree and flower.

Funding for the Avenue of Magnolias is through private contributions. A twenty-five dollar (\$25) contribution will dedicate a specific newly-planted tree in honor or memory of your designee. Your contributions will not only help you take part in keeping Mississippi beautiful, but also to remember someone you love and respect. A permanent record of each contribution will be on display in Mississippi Department of Archives and History. Don't hesitate. Contribute toward planting a tree for someone you love today. You can contribute to the "Avenue of Magnolias" by completing and mailing the attached form. Thank you for your help in making Mississippi a more beautiful state in which to live and travel.

## Advertising Guidelines

The Mississippi Market Bulletin is published on the 1st and 15th of each month by the Mississippi Department of Agriculture and Commerce. The Mississippi Market Bulletin is an important way for the Department to disseminate news and information about issues affecting Mississippi's agriculture industry and the Department's operations.

Through its classified advertising section, the Bulletin provides a forum for Mississippi residents to buy and sell agricultural related items while also giving statewide exposure to small farmers who might not normally have the economic resources for such widespread advertising. The Bulletin does not publish commercial or display ads and all items offered for sale must have been produced, raised, grown or operated on the seller's property. Businesses, corporations, dealerships, brokers or other commercial enterprises are not allowed to advertise in the Mississippi Market Bulletin.

Advertising rules and guidelines have been established for the Mississippi Market Bulletin in order to comply with regulations enforced by the Mississippi Department of Agriculture and Commerce and to maintain the objectives of the publication. The staff of the Mississippi Market Bulletin reserves the right to edit, revise or reject any advertisement.

The Mississippi Market Bulletin assumes no responsibility for any notice appearing in the Bulletin nor for any transaction resulting from published notices. Advertisers are cautioned that it is against the law to misrepresent any product offered for sale in public notices or advertisements carried in any publication that is delivered by the United States Postal Service.

- In order to advertise in the Mississippi Market Bulletin you must be a subscriber. To place an ad, you must include your name, mailing address and account number that the subscription is listed under on each ad that you submit (this information will not be printed). **Each subscriber is allowed to advertise two ads in the Bulletin, listing one ad per category.**
- All listings must be agriculture related (raised, grown, produced or operated on your farm). At the top of your ad, write the category that the ad should be listed under. We reserve the right to edit, revise or reject each ad. Please print or type your ad.
- There is a 30-word limit for classified advertisements, this includes: price (on the item you are selling), your city, county and telephone number or name and complete address must be included in the ad if you do not list a telephone number. Ads cannot be held over from one issue to another. You must submit them for each issue.
- Out-of-state residents are not eligible to advertise with the following exceptions: Out-of-state ads are allowed in the "Wanting To Buy" category. Out-of-state ads are allowed for individuals owning farm property within the state that is being offered for sale (consisting of 10 acres or more).

# Mums Offer Plentiful Fall Decorating Options

By Dr. Gary R. Bachman

Garden centers have already been stocking gorgeous, flowering fall mums. Start planning now where to use these plants most effectively in the landscape. Incorporating fall garden mums into your landscape is easy.

One of the most popular ways to display these beautiful plants is to simply place them in a big container on the front porch. The many warm colors available can fit into almost any home color scheme. The plants seem to have hundreds of flowers, so the impact is immediate.

Another option that many gardeners don't consider is using fall mums as a bridge between summer and winter annual color. With most plants used for annual color, the summer color has already begun to decline before the winter annuals are ready to show off. Fall mums provide an easy and reliable display of color for that in-between period.

Fall mums also can serve as party decorations. Mums in full bloom are fantastic for their color impact for autumn parties and cookouts.

For the best color, plant or place fall-flowering mums in locations that get the most sun, and water the plants consistently. Watering is especially important for mums in con-

tainers; never let them dry out. As soon as the plants begin to be water stressed, the showy colors diminish as the plants slowly recover.

My favorite use of fall garden mums is the one I described first: a front porch display. When combined with a decorative ceramic container, the visual impact can be dramatic. There is no need to transplant; just slip the mum, container and all, into the larger pot.

If you are worried about the weight of some ceramic pots, go shopping to see some of the fabulous foam and plastic pots that really look like their heavier cousins.

Local garden centers carry a wide variety of pot sizes. Plants in 4-inch pots can be easily used to refresh a combination container that is tired from the long summer. For larger

projects or as stand-alone specimens, choose plants grown in 10-inch, 12-inch or larger sizes. When you're planning your project, check with your local garden center for size availability.

If your gardening plan doesn't call for the use of containers, you can still use fall garden mums because they perform well transplanted directly into the landscape. Some gardeners use them as container plants until the flowers fade, and then transplant them into beds so they can enjoy their color next year.

If you want to try to bring your beautiful mums back next year, prune the stems back after they have died down, and mulch with a layer of pine straw. In the spring, take a peek in the pine straw for signs of fresh, new growth.
