## Communities, Riders Reap Rewards from Horse Events

By Linda Breazeale  
MSU Extension Service

Communities with strong equine programs and facilities for events are reaping economic and recreational benefits across the state.

Rob Seal, director of the Lauderdale County Agricenter, has watched the evolution of equestrian activities over the years.

"Twenty years ago, we saw a lot of team roping and barrel racing together at events, but now they have splintered off, and you'll have an entire event dedicated to just one of those," Seal said. "We also have separate reining and cutting horse

competitions that are very popular."

Seal said the barrel horse industry has exploded because of the 3D and 4D formats that most competitions use. Any "D" format provides divisions that enable slower horses to place and earn money in the races.

"Horse events attract a variety of interests and skill levels. We are also seeing a lot more money to win," he said. "We hosted the Mid-South Little Britches Rodeo that gave away \$100,000 of year-end awards. That increases interest in participation in the youth rodeo industry and makes it an outing for the entire family."

The Lauderdale County Agricenter is adjacent to 4,000 acres of public riding trails.

"Lots of baby boomers have bought trailers and trail horses that they enjoy riding on the weekends," Seal said. "Horse trailers aren't what they used to be, either. Some are

very luxurious with sleeping quarters for the riders."

Seal said the hardest thing facility managers face is getting community residents and decision makers to recognize the direct and indirect value of the facility throughout the year.

"The majority of our programs are equine events, but we also host concerts, go-cart racing, monster trucks, a county fair and such," he said. "Horse events bring outsiders into the community for multiple days and provide much more economic impact than spectators who come and leave the same night. The majority of our riders are from within 100-mile radius of Meridian, but a lot of visitors come from south Alabama, north Florida, south Mississippi and Louisiana."

Bricklee Miller, manager of the Mississippi Horse Park near

Starkville, combines two of her passions while operating the park: equestrian events and economic development. An avid barrel racer, Miller participates in some of the competitions held at the facility, which is a division of the Mississippi State University Extension Service. Additionally, she is a newly elected county supervisor.

"Events that will boost the local economy have been a priority for the horse park since it was built in 1999 as a partnership with MSU, Starkville and Oktibbeha County," Miller said. "Economic contributions are where I feel the Mississippi Horse Park has seen as the greatest benefit for the citizens in Starkville and Oktibbeha County. Although very few people within the city limits have a horse, it is easy to see and understand the value of new money being brought into a community through the recreational tourism the Mississippi Horse Park produces."

In 2015, the horse park hosted 53 events along with weekly MSU labs and classes. Miller said this activity at the park, which included the Horse Poor Barrel Race, BBR East-

ern Regional Finale and an RFD-TV American Barrel Qualifier, produced a \$2.6 million economic impact.

"There are only 10 barrel qualifiers across the county, and we were the only one in the South last year," she said.

The Mississippi Horse Park is not just about money; the facility also supports health and quality of life in the area.

The MSU Extension 4-H therapeutic riding program originated at the facility before moving to its present home at the Elizabeth A. Howard 4-H Therapeutic Riding and Activity Center in West Point. Riders still return for an annual exhibition performance at the Mississippi Horse Park, which is on April 19 this year.

Speaking like the horsewoman she is, Miller said, "Horses have great benefits to the humans around them. They allow us to be us. They don't hold you to a standard. They give us power. They connect us. They allow us to work together. They provide a peace in the present moment, and they allow us to open our heart."

## From Our Kitchen To Yours

### Tasty Spring Recipes

\*\*\*\*\*

#### Fire and Ice Tomatoes

6 large tomatoes, cut into quarters  
1 sweet onion, sliced and separated into rings  
1 bell pepper, julienned  
3/4 cup vinegar  
1/4 cup cold water  
1 1/2 teaspoons mustard seeds  
1 1/2 teaspoons sugar  
1 1/2 teaspoons celery salt  
1/2 teaspoon salt  
1/8 teaspoon red pepper  
1/8 teaspoon black pepper

Toss the tomatoes, onion and bell pepper in a heatproof bowl. Combine the vinegar, cold water, mustard seeds, sugar, celery salt, salt, red pepper and black pepper in a saucepan and mix well. Bring to a boil. Boil for one minute, stirring occasionally. Pour the hot vinegar mixture over the tomato mixture and mix gently. Chill tomatoes, covered, for several hours. Mixture can be stored, covered, in the refrigerator for two to three days.

#### Shrimp Salad Supreme

3 cups cooked shrimp, chopped  
1 cup celery, diced  
3 hard-boiled eggs, chopped  
3/4 cup mayonnaise  
1/2 teaspoon garlic powder  
1 teaspoon salt  
1 teaspoon Worcestershire sauce  
1/4 teaspoon allspice

In a large bowl, combine shrimp, celery and eggs. In a small bowl, combine remaining ingredients. Pour dressing over shrimp mixture, and toss well. Cover and refrigerate for at least four hours before serving. Serve on lettuce leaves and garnish with lemon slices or whole boiled shrimp.

#### Creamy Three-Onion Deviled Eggs

12 hard-cooked large eggs, peeled  
1/2 cup reduced fat, light mayonnaise  
4 ounces 1/3-less fat cream cheese  
2 teaspoons champagne vinegar  
1 teaspoon Dijon mustard  
3 tablespoons white onion, very finely chopped  
2 tablespoons green onion, very finely chopped  
1 tablespoon fresh chives, very finely minced  
1/8 teaspoon salt  
Dash ground black pepper  
Fresh dill, chives or green onion, chopped for garnish

Slice eggs in half lengthwise. Scoop out the yolks and place in a medium bowl; be careful not to damage the white halves. Mash the yolks with a fork. Add mayonnaise, cream cheese, vinegar and mustard; stir thoroughly to combine. Add onions, chives, salt and pepper, and stir well. Place filling in the whites using a small spoon or pipe in with a pastry bag and decorative tube. Garnish as desired. Serve immediately or refrigerate in a tightly covered container.

#### Fresh Strawberry Pie

2 quarts fresh strawberries, washed and hulled\*  
1 cup granulated sugar  
1 tablespoon powdered pectin for lower sugar recipes  
Pinch of salt  
3 tablespoons cornstarch  
Pinch of ground cinnamon  
2 tablespoons lemon juice  
1/4 teaspoon vanilla extract  
1 prebaked 9-inch pie shell

\*Cut one quart of the strawberries in half; the remaining quart should be sliced lengthwise into four to five slices. Puree two cups of the halved strawberries in blender, scraping down sides, until smooth. Bring puree, sugar, pectin and salt to a boil, stirring occasionally, over medium heat. Increase heat to medium high and boil until sugar and pectin are dissolved (about one minute). Mix cornstarch with 1/4 cup cold water until smooth. Remove from heat and add cornstarch to strawberry mixture, then return to boil, stirring constantly over medium heat. Reduce heat to medium low and simmer, stirring, until mixture becomes thick and clear, about three minutes. Remove from heat, stir in cinnamon, lemon juice and vanilla. Transfer to a large bowl and cool to room temperature; reserve 1/4 cup for topping. Fold sliced strawberries into large bowl of glaze, coating thoroughly. Turn glazed berries into pie shell and spread evenly. Starting at the center of the pie and working out to the edge, place berry halves in concentric circles, flat side down, points toward center. Stir in two tablespoons water into reserved glaze to thin, and brush over berry halves. Refrigerate for one hour or until ready to serve.

#### Roasted Asparagus and Spring Greens with Lemon Shallot Vinaigrette

3 tablespoons extra virgin olive oil, divided  
1 pound asparagus ends trimmed about 1-inch  
1/2 cup shallots, finely minced  
1/4 cup fresh lemon juice  
2 teaspoons lemon zest, finely grated  
1 teaspoon Dijon mustard  
1/8 teaspoon ground black pepper  
1/4 teaspoon salt  
5 heaping cups spring greens, lightly packed  
6 tablespoons shaved Parmesan cheese

Preheat oven to 400 degrees. Place asparagus on a large-rimmed (18-inch-by-13-inch) baking sheet in a single layer. Drizzle with one tablespoon olive oil. Roast until crisp-tender, about 10-12 minutes. Set aside to cool, then cut spears into thirds. In a small bowl, whisk shallots, lemon juice, lemon zest, mustard, pepper, salt and remaining two tablespoons of olive oil until thoroughly blended. In a large bowl, lightly toss spring greens and asparagus pieces. Drizzle dressing over vegetables and toss to coat. Divide between six serving bowls or plates and top each salad with one tablespoon of shaved Parmesan cheese.

# A Pleasure to Meet You

By Aaron Rodgers  
Executive Director  
Mississippi Agriculture  
& Forestry Museum

My name is Aaron Rodgers, and I am the Director of the MS Ag Museum. I replaced the distinguished Lise Foy in September of last year and with the help and guidance of an amazingly knowledgeable and graceful staff have been manning the ship for a little over half a year now. I am incredibly thankful for this opportunity and take the responsibilities of capturing the importance of the past, and presenting a vibrant future of agriculture, very seriously.

My personal and professional history is as varied as my personal experiences with ag: I have worked on the bottoms rungs of farming and as the top boss, I have sweated in the soil in both Africa and the Americas, I have raised animals, planted crops, seen success and disastrous failure, swore I would never get into farming and somehow followed my father's footsteps. I am a husband and a father, a pragmatic optimist, a skeptic and a believer, a Bulldog and a Gaucho, a Mississippian and a Californian and an adopted Senegalese, and yet in all these contradicting titles, the one title that I continue to hang my hat on is farmer.

I once asked my dad, who farms grapes and olives, and who has raised pears, almonds, rice, nursery plants and rowdy children, why he chose agriculture as a profession. See, my father is the embodiment of what Thomas Jefferson called a "gentleman farmer." He is a man of letters and arts and science with impeccable manners and grammar, and yet he prefers to spend 12 hours a day toiling in the sun with a bunch of unruly laborers rather than a half day at a desk. He has had plenty of successes in agriculture but has also had to literally sell off the farm and watch crops wither on the vine. His answer to my question of why he chose agriculture still resonates with me today. Although he is a man of philosophy and history who could have cited great thinkers and poets, he simply said: "everyone needs to eat."

Everyone needs to eat. Whether you are a romantic who believes that food is love or a utilitarian who believes food is simply the foundational layer of Maslow's Hierarchy of Needs, this modest statement "everyone needs to eat" rings true. And, we here at the MS Ag Museum take that statement seriously. We study the history, present and future of ag-

riculture. We collect and preserve artifacts and stories to remind ourselves of the ingenuity and struggle of agriculture. We do our best to soak up as much as we can about the science, engineering and culture of agriculture. And, we do this to cultivate and inspire an incoming generation of farmers to take this simple challenge: everyone needs to eat.

In the spirit of tilling our fields and sowing our seeds, we hope you join us at Spring Farm Days on April 28-30 from 9 a.m. until 2 p.m. at the MS Ag Museum. We are going to have garden demonstrations, forestry demos, tractor demos, farm animal demos, artisans in our blacksmith and print shops, and generally try to get our 1920s crossroad town humming again. If you need inspiration to plant your backyard garden, raise a lamb with your children for 4-H, or sow thousands of acres, then Spring Farm Days is exactly what you need. Remember, everyone needs to eat.

We also want to celebrate the success, love, artistry and goodwill of our food with the people of Mississippi and beyond. On the evening of April 30, the MS Ag Museum Foundation is hosting a fundraising dinner called Lane of Lanterns in the streets of Small Town at the museum. Some of Mississippi's best farmers and chefs will be putting together dishes that exemplify the strength of our soils and the creativity of our cooks. We will have artisans demonstrating their skills in our workshops, musicians serenading our guests under the moonlight, an auction to get the blood pumping, and food and drink from right here in our small but verdant state. All are welcome and invited, whether you have dirt under your fingernails or run a Fortune 500 company. Feel free to call, check our website, or stop by the MS Agricultural and Forestry Museum for more information on the dinner, for any information on our upcoming event Spring Farm Days, or simply to spend a day with us at the museum.

Hope to see y'all soon.

The Ag Museum is located at 1150 Lakeland Drive in Jackson and is open Monday through Saturday from 9:00 a.m. to 5:00 p.m. In addition to our gallery and exhibit spaces, the Ag Museum also has room for your event, whether it's a meeting, a wedding or other special event. Call (601) 432-4500 for information.

7	\$28.54	\$17.63	\$11.89	\$32.78	\$15.05

This timber report contains aggregated individual timber sale stumpage data. Many variables, such as raw material demand, mill inventories, buyer competition, quality, topography and weather, play key roles in determining local prices. Pine Sawtimber prices are based upon a 14-inch Diameter-at-Breast-Height (DBH) log size. Pine Chip N Saw prices are based upon a 10-inch DBH log size. The stumpage prices shown here are reprinted with permission from the Timber Owner Market Guide; a bi-monthly publication of Forest2Market (www.forest2market.com).

## Advertising Guidelines

The Mississippi Market Bulletin is published on the 1st and 15th of each month by the Mississippi Department of Agriculture and Commerce. The Mississippi Market Bulletin is an important way for the Department to disseminate news and information about issues affecting Mississippi's agriculture industry and the Department's operations.

Through its classified advertising section, the Bulletin provides a forum for Mississippi residents to buy and sell agricultural related items while also giving statewide exposure to small farmers who might not normally have the economic resources for such widespread advertising. The Bulletin does not publish commercial or display ads and all items offered for sale must have been produced, raised, grown or operated on the seller's property. Businesses, corporations, dealerships, brokers or other commercial enterprises are not allowed to advertise in the Mississippi Market Bulletin.

Advertising rules and guidelines have been established for the Mississippi Market Bulletin in order to comply with regulations enforced by the Mississippi Department of Agriculture and Commerce and to maintain the objectives of the publication. The staff of the Mississippi Market Bulletin reserves the right to edit, revise or reject any advertisement.

The Mississippi Market Bulletin assumes no responsibility for any notice appearing in the Bulletin nor for any transaction resulting from published notices. Advertisers are cautioned that it is against the law to misrepresent any product offered for sale in public notices or advertisements carried in any publication that is delivered by the United States Postal Service.

- In order to advertise in the Mississippi Market Bulletin you must be a subscriber. To place an ad, you must include your name, mailing address and account number that the subscription is listed under on each ad that you submit (this information will not be printed). **Each subscriber is allowed to advertise two ads in the Bulletin, listing one ad per category.**
- All listings must be agriculture related (raised, grown, produced or operated on your farm). At the top of your ad, write the category that the ad should be listed under. We reserve the right to edit, revise or reject each ad. Please print or type your ad.
- There is a 30-word limit for classified advertisements, this includes: price (on the item you are selling), your city, county and telephone number or name and complete address must be included in the ad if you do not list a telephone number. Ads cannot be held over from one issue to another. You must submit them for each issue.
- Out-of-state residents are not eligible to advertise with the following exceptions: Out-of-state ads are allowed in the "Wanting To Buy" category. Out-of-state ads are allowed for individuals owning farm property within the state that is being offered for sale (consisting of 10 acres or more).

## Advertising Deadline Dates

**MAY 1 ISSUE.....DEADLINE MON., APR. 18, 2016 • 12:00 NOON**

**MAY 15 ISSUE.....DEADLINE MON., MAY 2, 2016 • 12:00 NOON**

*You must submit your ad for each issue. We do not hold ads over for multiple insertion.*

## Advertisement Submission Form

In order to advertise you must be a subscriber.

All classified ads must be 30 words or less.

# Rural Tourism Topic for Upcoming Workshop

By Bob Ratliff  
MSU Extension Service

Mississippi's small towns and rural communities have a lot to offer visitors and developing those tourism resources will be the focus of a May 23-24 workshop at Pearl River Community College in Poplarville.

"Interest in locally produced food is an important trend in tourism and the workshop will feature a tour of farms that welcome visitors to see how food is grown," said Rachael Carter with the Mississippi State University Extension Service's Center for Government and Community Development. "The Poplarville event is the first in a series of MSU Extension *Growing Your Brand* workshops focused on marketing agritourism, farmer's markets and local foods."

One of the stops on the tour will be Shroomdom Inc., which features, as the name implies, mushroom rooms.

"Shroomdom is a place where visitors can step into The Enchanted Forest and learn about proper mushroom identification of known wild edibles, proper harvesting techniques and known deadly look alikes," said Shroomdom's Leilani Rosenbaum. "We are part of the Mississippi Sustainable Agriculture Network and also grow seasonal produce."

Other stops on the tour will include Country Girl's Creamery and Red Bank Ranch bison farm.

"The workshop will also incorporate stories about local history

Visitors to Shroomdom can take the farm's mushroom walk to see mushrooms in the wild and learn about edible and medicinal varieties.

and culture to help the attendees understand how all aspects fit together to brand a region and create a marketable tourism product," said Carter. "Speakers for the story telling part of the program will include State Representative Herb Frierson and Mississippi author Martin Hegwood."

Other speakers on the program will cover developing, branding and marketing rural and agritourism resources. Included will be Ben Muldrow with Arnett, Muld-

row, and Associates, who will discuss branding for Mississippi agritourism.

"When people think about branding they often think about an artificial theme or a marketing ploy, but authenticity is what is important," Muldrow said. He has helped develop branding and economic development plans for several Mississippi communities, including Tupelo, West Point and Ocean Springs.

"Agritourism is a growing sector of Mississippi agriculture that is stimulating economic activity on our farms and in our rural communities. It provides our farmers and landowners with a unique opportunity to demonstrate the importance of agriculture, while educating consumers, both young and old, on where their food actually comes from," said Commissioner of Agriculture and Commerce Cindy Hyde-Smith. "This workshop will be important in providing our growers with the tools needed to advance this industry even more."

The workshop is open to anyone with an interest in agritourism, local foods, and other topics related to small town and rural economic development. # MDAC Accepting Applications for the 2016 Specialty Crop Grant and FSMIP

By Chaille Clements Munn  
Communications and  
Marketing Specialist - MDAC

Commissioner Cindy Hyde-Smith announced that the Mississippi Department of Agriculture and Commerce (MDAC) is now accepting FY 2016 proposals for both the Specialty Crop Block Grant Program and the Federal-State Marketing Improvement Program (FSMIP).

The Specialty Crop Block Grant Program is funded by the United States Department of Agriculture (USDA) and authorized by the Farm, Food, and Jobs Bill (Farm Bill). The purpose of the program is to solely enhance the competitiveness of Mississippi's specialty crop industry. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, horticulture and nursery crops (including floriculture). Projects funded through this program must address at least one of the following priority areas: research and development; promotion/marketing; education/extension; economics or ag policy. Funding will not be awarded to projects that solely benefit a particular commercial product or provide a profit to a single organization, institution or individual. Applications must be submitted to MDAC by May 16, 2016. To obtain an application, visit the Alerts and Announcements section at [www.mdac.ms.gov](http://www.mdac.ms.gov), call (601) 359-1196, or email [susan@mdac.ms.gov](mailto:susan@mdac.ms.gov).

FSMIP is funded by the USDA and provides matching funds on a competitive basis to state departments of agriculture, state colleges and universities, and other appropriate state agencies. The purpose of the program is to assist in exploring new market opportunities for U.S. food and agricultural products and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system. Eligible agricultural categories include poultry; livestock, dairy and poultry products; food, feed and fiber crops; fish and shellfish; horticulture, viticulture, apiary and forest products; and processed or manufactured products derived from such commodities. FSMIP also accepts proposals dealing with nutraceuticals, bioenergy, compost, agroforestry products and products made from agricultural residue.

Federal funds awarded through FSMIP projects must be matched dollar-for-dollar by non-federal funds and/or in-kind resources. Funding will not be awarded to projects that solely benefit one individual or one agribusiness. Applications must be submitted to MDAC by 5:00 p.m. on April 29, 2016. For additional information about this program or to obtain application guidelines, contact Michael Lasseter at (601) 359-1120 or [michaell@mdac.ms.gov](mailto:michaell@mdac.ms.gov) or visit the Alerts and Announcements section at [www.mdac.ms.gov](http://www.mdac.ms.gov).

## Specialty Crop Block Grant Application

The Mississippi Department of Agriculture and Commerce is now accepting applications for the Specialty Crop Block Grant Program.

Projects funded through this program must solely enhance the competitiveness of specialty crops and cannot benefit one particular commercial product or provide a profit to a single organization, institution, or individual. Specialty crops include commonly recognized fruits, vegetables, tree nuts, dried fruits, and nursery crops (including floriculture). Applications must be submitted by 5:00 p.m. on May 16, 2016.

To obtain an application, visit the Alerts and Announcements section on [www.mdac.ms.gov](http://www.mdac.ms.gov), call (601) 359-1196, or email [susan@mdac.ms.gov](mailto:susan@mdac.ms.gov).
