MS Department of Agriculture Accepting Applications for Federal-State Marketing Improvement Program

Commissioner Cindy Hyde-Smith announced the Mississippi Department of Agriculture and Commerce (MDAC) is now accepting FY 2017 proposals for the Federal-State Marketing Improvement Program (FSMIP).

FSMIP is funded by the United States Department of Agriculture and provides matching funds on a competitive basis to state departments of agriculture, state colleges and universities and other appropriate state agencies. The purpose of the program is to assist in exploring new market opportunities for U.S. food and agricultural products and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system. Eligible agricultural categories include poultry; livestock, dairy and poultry products; food, feed and fiber crops; fish and shellfish; horticulture, viticulture, apiary and forest products; and processed or manufactured products derived from such commodities. FSMIP also accepts proposals pertaining to nutraceuticals, bioenergy, compost, agroforestry products and products made from agricultural residue.

Federal funds awarded through FSMIP projects must be matched dollar-for-dollar by non-federal funds and/or in-kind resources. Funding will not be awarded to projects that solely benefit one individual or one agribusiness. Applications must be received by MDAC by 5:00 p.m. on March 13, 2017. For additional information about this program or to obtain application guidelines, contact Michael Lasseter at (601) 359-1120 or michaell@mdac.ms.gov or visit the Alerts and Announcements section at www.mdac.ms.gov.
