Rulers of the Roost...Broiler Industry Heats up in Mississippi

By Karen Ott Mayer

Mississippi Agriculture

If birds of a feather flock together, then it stands to reason chickens rule in Mississippi. Whether the birds are layers or broilers, poultry still ranks as the state's leading agricultural product.

"The almost 800 million chickens per year raised on Mississippi's 2,000 poultry farms bring \$5 billion in annual income from around the United States and the world into our state's economy," says Mark Leggett, president of the Mississippi Poultry Association.

According to Leggett, Mississip-

pi's poultry industry and egg industries have grown from a group of small family businesses into an integral supplier of protein for a growing world population.

"We raise enough chickens for ourselves in this country, and growth will come in our exports," says Leggett.

Broilers, chickens raised for meat, continue to make up the vast majority of poultry sales. Layers, chickens raised for laying eggs, constitute about 7 percent of the market.

Even though layers are a minority, the production numbers are staggering. Alan Andrews, director of marketing at Cal-Maine Foods, says the company works with 42 laying operations. "We are very optimistic about the future," he says. In fiscal year 2013, Cal-Maine sold about 948.5 million dozen eggs which represented approximately 21 percent of domestic shell egg consumption.

Cal-Maine Foods, headquartered in Jackson, is the largest producer and marketer of shell eggs in the U.S. The industry leader sells most of its shell eggs primarily in the Southwest, Southeast, Midwest, and mid-Atlantic regions. With a company like Cal-Maine in the state, it is no wonder Mississippi poultry production was valued at \$2.71 billion 2013.

For growers like Cindy Tucker of Bay Springs, who has been raising broilers for Peco Foods, Inc. for nearly two decades, poultry has

Cindy Tucker holds a chicken while granddaughter Alysabeth Bryant feeds it at the Tucker family broiler houses in Bay Springs, Mississippi.

given her a rewarding lifestyle and career.

"I started in 1995 and was really scared. Although I came from a long line of farmers, I was a hairdresser for 23 years!" says Tucker.

Even as a complete beginner, Tucker found one truism that has held over the years. "Everyone from Peco to our association wants to see me succeed. I've always felt supported," she says.

Today, Tucker manages four houses, each with 20,000 birds, and she reflects on how the industry has changed. "Technology has improved so much and everything is computerized. It's more modern and energy efficient. Our job is to keep the birds happy and comfortable."

In about seven weeks, the broilers are ready for market. "We can grow

larger birds, much faster today."

Tucker explains that growers and companies are keenly aware of consumer preferences for safe, healthy food supplies, and she works closely with many different agencies to ensure quality. "We work with health and environmental experts all the time and keep more records than we ever have," says Tucker.

Through legislative support, the poultry industry now has another option for growers like Tucker: selling chicken litter. Previously, high transportation costs prevented market entry.

It's this type of tight collaboration

that keeps the industry strong.

"The industry is good at finding and correcting inefficiencies," says Leggett. Likewise, the commercial and research sectors work together to keep the industry on the move. Looking to the future, Leggett says more U.S. chicken could be heading to China with the settlement of a recent trade dispute before the World Trade Organization.

The poultry industry in Mississippi seems only set for continued success and growth, which is good for birds and people.

Mississippi Egg Board Luncheon

The Mississippi Egg Marketing Board and Mississippi Poultry Association recently hosted their annual Legislative Luncheon. Guest Chef, Nicholas Wallace instructed attendees on preparing the perfect chicken omelet while Commissioner Cindy Hyde-Smith assisted and served as "official" taster.

From Our Kitchen To Yours

Chicken and Eggs...A Tasty Combination

Warm Garden Bean, Goat Cheese and Poached Egg Salad

2 tablespoons apple cider vinegar
2 tablespoons balsamic vinegar
1/4 cup Dijon mustard
2 small shallots, minced
Sea salt and pepper to taste
3/4 cup extra-virgin olive oil
6 cups fresh seasonal beans, several varieties*
12 large eggs
6 ounces goat cheese, crumbled
6 ounces mixed baby salad greens
3 tablespoons fresh chopped tarragon or chervil

Blend together vinegars, mustard, shallots, and sea salt and pepper to taste. Slowly whisk in olive oil until fully incorporated. Set aside. Trim ends of beans and cut in 3-4 inch pieces. Blanch beans in lightly salted water, drain. Toss beans with 1/4 cup dressing. Poach eggs in small batches in acidified water (1 teaspoon vinegar to 1 quart water) until whites are set (completely coagulated and firm) and yolks begin to thicken (no longer runny, but not hard). Remove and keep warm. To serve, arrange 1/2 cup beans in a "nest" in center of plate. Place egg in the nest. Toss the salad greens and herbs in the remaining vinaigrette; place 3/4 cup greens around the nest. Sprinkle 1/2 ounce goat cheese over the salad. Serve immediately. *Mix of colors, wax, or shelling beans. Yield: 12 servings.

Chicken with Pineapple Salsa

Chicken with Pineapple Salsa
6 chicken breast halves, skinless & boneless
2 tablespoons chopped cilantro
2 teaspoons minced ginger root
3/8 teaspoon salt, divided
1 cup diced Roma tomato, seeded
3/4 cup diced fresh pineapple
1/2 cup sliced green onion
1 can (4 ounces) diced green chiles, drained
1 tablespoon lemon juice
2 tablespoons butter

To make pineapple salsa mix together cilantro, ginger, 1/8 teaspoon salt, tomato, pineapple, onion, chiles, and lemon juice in a small bowl; set aside. In a frying pan, place butter and melt over medium heat. Add chicken and sprinkle with remaining salt. Sauté, turning, about 6 minutes or until light brown on all sides. Cover and reduce heat to medium-low. Cook about 5 minutes or until fork is inserted in chicken with ease. Arrange chicken on serving platter and spoon pineapple salsa over chicken. Garnish with cilantro sprigs. Yield: 6 servings.

Egg Salad Extraordinaire

24 large hard-cooked eggs, coarsely chopped
3/4 cup radishes, trimmed & chopped
1 cup celery, finely chopped
1 1/4 cups fresh apples, cored & chopped
4 ounces chopped peanuts (or favorite nuts)
1 1/2 cups plain low-fat yogurt
1/2 cup reduced-calorie mayonnaise
12 English muffins, split & lightly toasted
24 slices canned pineapple, well drained
24 small black olives, sliced

Blend the chopped, hard-cooked eggs, radishes, celery, apples, nuts, yogurt, and mayonnaise. Cover and refrigerate until service. To serve, top each muffin half with pineapple slice and scoop of egg salad. Top salad with black olive slices. If desired, garnish with apples slices and an egg wedge.

Dijon Chicken Drumettes Deluxe

20 broiler-fryer chicken drumettes
1/2 cup fat-free, cholesterol-free mayonnaise
3 tablespoons Dijon mustard
1/2 teaspoon grated onion
2 cups cheese breadcrumbs*
1/2 teaspoon pepper

Cover a 15 1/2 by 10 1/2 by 1-inch baking pan with foil and spray lightly with vegetable cooking spray. In a small bowl, stir together mayonnaise, mustard, and onion. Brush each drumette with mayonnaise mixture and then roll in cheese breadcrumbs. Arrange chicken in single layer on prepared pan; sprinkle with pepper. Bake in 375° oven for about 30 minutes or until chicken is brown and fork can be inserted with ease. Makes 20 hors d'oeuvres. *If cheese bread is unavailable for crumbs, cheese crackers may be substituted; however, cheese breadcrumbs give a lighter crust.

Tea Time Chicken Tartlets

1 egg
3 tablespoons mascarpone cheese
6 canned artichoke hearts, roughly diced
1 cup arugula, chopped
2 cups finely diced rotisserie chicken, skinned
Salt and pepper to taste
1 teaspoon dried tarragon
8 sheets phyllo dough, 14x9-inches

Beat together egg and mascarpone. Combine with remaining ingredients, except phyllo, mixing well. Cut phyllo into small squares and place in mini-muffin tins. Place 1 teaspoon mascarpone mixture in each phyllo cup. Bake at 375° for 10-15 minutes. Serve warm. Serves 8 for appetizers.

DOGS

Only **HERDING & HUNTING** dog breeds will be published.

All dogs must be purebred. Mix breed dogs will not be allowed to advertise. Each subscriber is allowed to advertise only two dog breeds.

We cannot accept ads from any individual who is engaged in any type of puppy mill operation or acts as a dealer, broker, buncher, or agent in the business of buying and selling dogs and/or bred solely for profit rather than protection of breed integrity (as defined by the United States Department of Agriculture).

We do not list ads for any type of dogs at stud service. Only in-state residents are allowed to advertise within this category.

The Herding & Hunting dog breeds list utilized by the *Mississippi Market Bulletin* is endorsed by the Mississippi State Veterinarian and the Mississippi Department of Agriculture and Commerce.

It is the sole discretion of the *Mississippi Market Bulletin* to accept or reject any dog ad for submission.

Fruit and Vegetable Grower Meeting

Wednesday, May 7, 2014 at 10 a.m.

Forestry Building
MS Agriculture and Forestry Museum
Jackson, Mississippi

Thursday, May 8, 2014 at 10 a.m.

MSU Extension Service Office
Grenada, Mississippi

The Mississippi Department of Agriculture and Commerce will host an informational meeting for Mississippi fruit and vegetable growers interested in becoming authorized EBT retailers at farmers markets and accepting debit and credit payments.

Growers will have the opportunity to apply for approval to receive FREE wireless machines to accept EBT/SNAP, debit and credit transactions at farmers markets.

THERE IS NO COST TO ATTEND OR APPLY. Based on the number of people that may be attending, please allow an adequate number of hours to complete the application and approval process if you are submitting an application at this meeting,

Meeting participants must have an email account and should bring the following items to this meeting:

- Photo I.D. (such as Driver's License)
- Social Security Card; and
- A voided check on the bank account where they want EBT/SNAP deposits posted.

Photocopies of each item will be accepted.

For more information call Purvie Green
(601) 359-1168 or email purvie@mdac.ms.gov.

Specialty Crop Block Grant Application

The Mississippi Department of Agriculture and Commerce is now accepting applications for the Specialty Crop Block Grant Program.

Projects funded through this program must solely enhance the competitiveness of specialty crops and cannot benefit one particular commercial product or provide a profit to a single organization, institution, or individual. Specialty crops include commonly recognized fruits, vegetables, tree nuts, dried fruits, and nursery crops (including floriculture). Applications must be submitted by 5:00 p.m. on May 15, 2014.

To obtain an application, visit the Alerts and Announcements section on www.mdac.ms.gov, call (601) 359-1196, or email susan@mdac.ms.gov.

INCREDIBLE!

By Lise Foy, Director
MS Agriculture & Forestry Museum

May is poultry and eggs month. Poultry and eggs together, a \$2.71 billion industry, make up the largest agricultural commodity for the state of Mississippi. There were 1,392 million eggs produced in Mississippi last year! Even more impressive, Mississippi based Cal-Maine Foods, Inc. is the largest producer and marketer of shell eggs in the United States producing approximately 21% of domestic shell egg consumption.

Eggs have so many uses from sweet to savory. They can be consumed scrambled, fried, hard-boiled, soft-boiled, and pickled. There are many ways to preserve eggs like pickling, brining in salt and spices, or coating with clay. For only 70 calories each, eggs are rich in nutrients. They contain almost every essential vitamin and mineral needed by humans.

They are also used as props in games like the egg roll, egg toss or spoon races. Eggs have been used for pranks. 'Egging', commonly practiced by teenagers, refers to throwing eggs at cars or houses. Since this is a criminal offense in many places, when I was a teenager, we just stuck canned biscuits to porch lights instead. The biscuit would rise and bake right there on the light...but, since my Momma and Daddy read these articles, I won't go any farther with that story. But, if you ever found one of these biscuits, now you know.

There are 6.1 billion eggs produced in the United States each year. A hen requires 24 to 26 hours to produce one egg. Thirty minutes later, she starts all over again.

Here are some fun egg facts from the American Egg Board.

- Eggs age more in one day at room temperature than in one week in the refrigerator.
- White shelled eggs are produced by hens with white feathers and ear lobes. Brown shelled eggs are produced by hens with red feathers and red ear lobes.
- To tell if an egg is raw or hard-cooked, spin it! If the egg spins easily, it is hard-cooked, but if it wobbles, it is raw.
- If an egg is accidentally dropped on the floor, sprinkle it heavily with salt for easy clean up.

- During the spring (vernal) equinox (about March 21), it is said that an egg will stand on its small end. Although some people have reported success, it is not known whether such results were due to the equinox or to the peculiarities of that particular egg.

- Egg yolks are one of the few foods that naturally contain Vitamin D.

- Yolk color depends on the diet of the hen. Natural yellow-orange substances such as marigold petals may be added to light-colored feeds to enhance colors. Artificial color additives are not permitted.

- Occasionally, a hen will produce double-yoked eggs throughout her egg-laying career. It is rare, but not unusual, for a young hen to produce an egg with no yolk at all.

The Ag Museum has laying hens in our barnyard exhibit.

The barnyard provides much entertainment and opportunities to learn for children. With the many sights and sounds of the animals that live here, children get to experience what a barn's purpose was on a farm and learn how animals played a key part in the farmer's survival. We also have a chicken coop in the Fortenberry-Parkman Farmstead. Chickens were, and still are, typical livestock on small farms all over Mississippi, and eggs remain a staple in our kitchens as well as big business for our state.

This is the season for church socials and deviled eggs with fried chicken, or maybe these are always in season. Nonetheless, I will soon pull out my Mamaw's egg plate, the mustard, and paprika. Thanks to the chicken!

The Ag Museum is located at 1150 Lakeland Drive in Jackson and is open Monday through Saturday from 9:00 a.m. to 5:00 p.m. In addition to our gallery and exhibit spaces, the Ag Museum also has room for your event, whether it's a meeting, a wedding, or other special event. Call (601) 432-4500 for information.

Like us on facebook at www.facebook.com/msagmuseum, visit our website at www.msag-museum.org and sign up for our monthly newsletter to track the progress of the Mississippi Agriculture and Forestry Museum renovations.

5	\$24.56	\$13.58	\$8.93	\$23.35	\$7.39
6	\$26.98	\$17.67	\$10.78	\$25.19	\$7.83
7	\$29.23	\$18.20	\$13.66	\$22.11	\$12.68

This timber report contains aggregated individual timber sale stumpage data. Many variables, such as raw material demand, mill inventories, buyer competition, quality, topography and weather, play key roles in determining local prices. Pine Sawtimber prices are based upon a 14-inch Diameter-at-Breast-Height (DBH) log size. Pine Chip N Saw prices are based upon a 10-inch DBH log size. The stumpage prices shown here are reprinted with permission from the Timber Owner Market Guide; a bi-monthly publication of Forest2Market (www.forest2market.com).

Sign-Up Begins for USDA Disaster Assistance Programs Restored by Farm Bill

By Sarah Scanlon - USDA

More than 2,000 Farm Service Agency Offices Across the Country Stand Ready to Assist

Agriculture Secretary Tom Vilsack announced that starting April 15, eligible farmers and ranchers will have the opportunity to sign up for U.S. Department of Agriculture (USDA) disaster assistance programs restored by passage of the 2014 Farm Bill.

"We implemented these programs in record time and kept our commitment to begin sign-up April 15," said Agriculture Secretary Vilsack. "To ensure enrollment goes as smoothly as possible, dedicated staff in over 2,000 Farm Service Agency offices across the country are doing everything necessary to help producers that have suffered through two and a half difficult years with no assistance because these programs were awaiting Congressional action."

Depending on the size and type of farm or ranch operation, eligible producers can enroll in one of four programs administered by the Farm Ser-

vice Agency. The Livestock Forage Disaster Program (LFP), and the Livestock Indemnity Program (LIP) will provide payments to eligible producers for livestock deaths and grazing losses that have occurred since the expiration of the livestock disaster assistance programs in 2011, and including calendar years 2012, 2013, and 2014. The Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP) provides emergency assistance to eligible producers of livestock, honeybees, and farm-raised fish that have suffered losses because of disease, severe weather, blizzards, and wildfires.

Enrollment also began April 15 for the Tree Assistance Program (TAP), which provides financial assistance to qualifying orchardists and nursery tree growers to replant or rehabilitate trees, bushes, and vines damaged by natural disasters.

Producers signing up for these programs are encouraged to contact their local FSA office for information on the types of records needed and to schedule an appointment. Taking these

steps in advance will help producers ensure their application moves through the process as quickly as possible.

Supporting documents may include livestock birth records, purchase and transportation receipts, photos and ownership records showing the number and type of livestock lost, documents listing the gallons of water transported to livestock during drought, and more. Crop records may include purchase receipts for eligible trees, bushes, or vines, seed and fertilizer purchases, planting and production records, and documentation of labor and equipment used to plant or remove eligible trees, bushes, or vines.

Producers have three to nine months to apply depending on the program and year of the loss. Details are available from any local FSA office.

For more information, producers may review the 2014 Farm Bill Fact Sheet, and the LIP, LFP, ELAP, and TAP fact sheets online, or visit any local FSA office or USDA Service Center.

Down on the Farm

These little ladies are just tickled to be at their first horse show of the year in Brandon. Pictured left to right: Fallon Frisby, Zoe Morgan, and Zayda Morgan. (Photo submitted by Ellen Morgan of Brandon, MS - Rankin County).

Abby, age 6, feeding her pony "Bunny Poppins," on the farm at Whispering Wind in Terry. (Photo submitted by her mother, Keri Schutz Wood of Terry, MS - Hinds County).

Haleigh Rogers feeding the guineas with her papa in Jayess. (Photo submitted by her grandparents, Carroll & Rita Fuller of Jayess, MS - Lawrence County).

Kevin Blake, 18-months-old, talking to "KB" in the head gate at Church Hill. (Photo submitted by his grandfather, Alan Wadsworth of Church Hill, MS - Jefferson County).

Louise Robertson Ming, 88-years-old, cuddling with baby Pot-bellied pigs at Bloody Water Plantation in Starkville. (Photo submitted by Patsy McLemore of Starkville, MS - Oktibbeha County).

Lavenia Miles, 91-years-old, cuddling with baby Pot-bellied pigs at Bloody Water Plantation in Starkville. (Photo submitted by Patsy McLemore of Starkville, MS - Oktibbeha County).

Matthew Vanderford of Raleigh, helping his nanny feed miniature horses at Kats Mini Corral. (Photo submitted by Kathy Brady of Raleigh, MS - Smith County).

Landen Daniels, 6-years-old, petting the family pet pig "Wilbur." (Photo submitted by Alan Daniels of Sturgis, MS - Oktibbeha County).

Parks Garrott and Claire Johnson riding "Butterscotch" while grandpa "Pappy" Gregory leads them around the farm in Shaw. (Photo submitted by Jim Gregory of Shaw, MS - Bolivar County).

If you have any unique agricultural pictures for "Down on the Farm" that you would like to share with our readers, please mail or email us a picture and a short caption to:

Mississippi Market Bulletin
"Down on the Farm"
P.O. Box 1118
Jackson, MS 39215-1118
Email: marketbulletin@mdac.ms.gov

We reserve the right to edit or reject any picture and caption. Pictures will not be returned. For better quality, please do not submit pictures that are digital reprints; submit only originals. "Down on the Farm" is for in-state residents only.

Due to the numerous agricultural related farm pictures that we receive, and being that they take precedence over any other pictures, we cannot accept any hunting/fishing pictures to be placed in "Down on the Farm."

Taylor feeding our baby goat, "Lucky II," "Down on the Farm" in Pass Christian. (Photo submitted by her grandparents, Glenda & Bruce Martin of Pass Christian, MS - Harrison County).

Advertising Guidelines

The Mississippi Market Bulletin is published on the 1st and 15th of each month by the Mississippi Department of Agriculture and Commerce. The Mississippi Market Bulletin is an important way for the Department to disseminate news and information about issues affecting Mississippi's agriculture industry and the Department's operations.

Through its classified advertising section, the Bulletin provides a forum for Mississippi residents to buy and sell agricultural related items while also giving statewide exposure to small farmers who might not normally have the economic resources for such widespread advertising. The Bulletin does not publish commercial or display ads and all items offered for sale must have been produced, raised, grown or operated on the seller's property. Businesses, corporations, dealerships, brokers or other commercial enterprises are not allowed to advertise in the Mississippi Market Bulletin.

Advertising rules and guidelines have been established for the Mississippi Market Bulletin in order to comply with regulations enforced by the Mississippi Department of Agriculture and Commerce and to maintain the objectives of the publication. The staff of the Mississippi Market Bulletin reserves the right to edit, revise or reject any advertisement.

The Mississippi Market Bulletin assumes no responsibility for any notice appearing in the Bulletin nor for any transaction resulting from published notices. Advertisers are cautioned that it is against the law to misrepresent any product offered for sale in public notices or advertisements carried in any publication that is delivered by the United States Postal Service.

- In order to advertise in the Mississippi Market Bulletin you must be a subscriber. To place an ad, you must include your name, mailing address and account number that the subscription is listed under on each ad that you submit (this information will not be printed). **Each subscriber is allowed to advertise two ads in the Bulletin, listing one ad per category.**
- All listings must be agriculture related (raised, grown, produced or operated on your farm). At the top of your ad, write the category that the ad should be listed under. We reserve the right to edit, revise or reject each ad. Please print or type your ad.
- There is a 30-word limit for classified advertisements, this includes: price (on the item you are selling), your city, county and telephone number or name and complete address must be included in the ad if you do not list a telephone number. Ads cannot be held over from one issue to another. You must submit them for each issue.
- Out-of-state residents are not eligible to advertise with the following exceptions: Out-of-state ads are allowed in the "Wanting To Buy" category. Out-of-state ads are allowed for individuals owning farm property within the state that is being offered for sale (consisting of 10 acres or more).

Advertising Deadline Dates

MAY 15 ISSUE.....DEADLINE MON., APR. 28, 2014 • 12:00 NOON

JUNE 1 ISSUE.....DEADLINE MON., MAY 19, 2014 • 12:00 NOON

You must submit your ad for each issue. We do not hold ads over for multiple insertion.

Advertisement Submission Form

In order to advertise you must be a subscriber.

All classified ads must be 30 words or less.

We cannot run items for sale without a price.

See the Advertising Guidelines to the left for complete rules.

USDA Announces Funding to Train and Educate Next Generation of Farmers and Ranchers

By Janice Griffis - USDA

USDA Secretary Tom Vilsack announced the availability of more than \$19 million in grants to help train, educate, and enhance the sustainability of the next generation of agricultural producers through the Beginning Farmer and Rancher Development Program (BFRDP).

"USDA is committed to the next generation of America's farmers and ranchers because they represent the future of agriculture and are the backbone of our rural economy. As the average age of farmers continues to rise, we have no time to lose in getting more new farmers and ranchers established," said Secretary Vilsack.

"Reauthorizing and expanding the Beginning Farmer and Rancher Development Program is one of the many resources the 2014 Farm Bill gave us to build America's agricultural future. Through this program, we can build a diverse next generation of farmers and ranchers."

BFRDP is an education, training, technical assistance, and outreach program designed to help farmers, ranchers, and managers of non-industrial private forest land – specifically those aiming to start farming and those who have been farming or ranching for 10 or fewer years. It is managed by the National Institutes of Food and Agriculture (NIFA).

NIFA will competitively award grants to organizations conducting programs to help beginning farmers and ranchers. Learn more about eligibility and how to apply (applications are due June 12,

2014).

Priority will be given to projects that are partnerships and collaborations led by or including non-governmental, community-based, or school-based agricultural educational organizations. All applicants are required to provide funds or in-kind support from non-federal sources in an amount that is at least equal to 25 percent of the federal funds requested. By law, at least five percent of available funding will be allocated to programs and services for limited-resource and socially-disadvantaged beginning farmers and ranchers and farmworkers.

Additionally, another five percent of available funding will be allocated for programming and services for military veteran farmers and ranchers.

BFRDP was authorized by the 2014 Farm Bill, receiving \$100 million to be awarded over the next five years. The program was origi-

nally funded through the 2008 Farm Bill. Since then, NIFA has awarded more than \$66 million through 136 grants to organizations that have developed education and training programs. More than 50,000 beginning farmers and ranchers have participated in projects funded by BRFDP.

NIFA is hosting two upcoming webinars for interested applicants on April 30 and May 6 at 2:00 p.m. Eastern. The first webinar will focus on general guidelines for the program, while the second webinar will focus on the funding allocations for socially-disadvantaged and military veteran farmers and ranchers.

Through federal funding and leadership for research, education, and extension programs, NIFA focuses on investing in science and solving critical issues impacting people's daily lives and the nation's future. More information is available at: www.nifa.usda.gov.

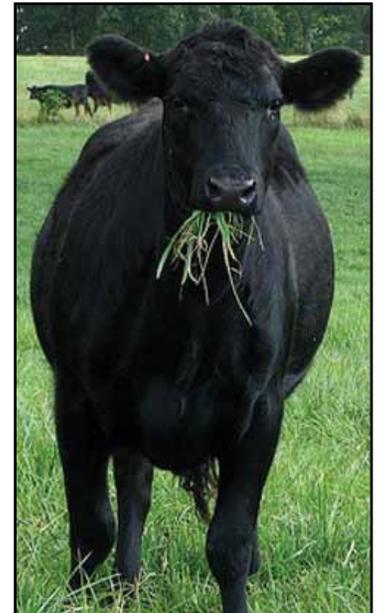

Mississippi and Louisiana Beef and Forage Field Day

By Mark Mowdy
Area Extension Agent - MSUES

Dr. John Blanton, Professor and Head of the Animal and Dairy Science Department at Mississippi State University and Dr. Mike McCormick, Professor, LSU AgCenter, are two of the featured speakers at this year's Mississippi/Louisiana Beef and Forage Field Day that will be held on Saturday, May 17, 2014. The field day will begin with registration at 8:30 a.m. at the Livestock Producers Sale Barn on Highway 98 East in Tylertown, Mississippi, and the program will begin at 9 a.m.

In addition to Dr. Blanton and Dr. McCormick's presentations on forages, two demonstrations will also be part of the program. A Breeding and Soundness Exam (BSE) demonstration on herd bulls presented by Dr. Richard Hopper, D.V.M., A.C.T. Professor of Pathobiology and Population Medicine, MSU College of Veterinary Medicine, will show not only how a BSE is done but also the importance of the yearly exam. Dr. Rhonda Vann Research Professor, Brown Loam Branch Experiment Station, will demonstrate how ultrasounds of intramuscular fat, rib eye area, and other factors are incorporated into EPD's for beef cattle.

Participants can also view some of the top performing bulls from the South Mississippi Gain-on-Forage Bull Test that will conclude on May 2, 2014. Those bulls will be available for sale at private treaty and can be purchased before, during, or after the field day. There were 112 bulls from 13 farms, representing 6 breeds of cattle on this

year's 172 day test.

A sponsored lunch will be provided, but preregistration is required. To preregister, call the Walthall County Extension Office at (601) 876-4021 or email crhay@ext.msstate.edu by Friday, May 9. Mississippi State University is committed to providing access to all individuals attending the conference. If you have special needs, including accommodations or dietary concerns, please contact the Extension office to make your request known by Friday, May 9, so that every effort can be made for your need.

For more information on the Mississippi/Louisiana Beef and Forage Field Day or a South Mississippi Gain-on-Forage Private Treaty Sale Listing, contact the Walthall County Extension Director, Richard Hay at (601) 876-4021 or Area Extension Agent Mark Mowdy at Lincoln County Extension Office at (601) 835-3460.

MDAC Announces Availability of Specialty Crop Grant Funds

By Susan Head
Marketing Specialist - MDAC

Commissioner Cindy Hyde-Smith announced that the Mississippi Department of Agriculture and Commerce is now accepting proposals for Mississippi's FY 2014 Specialty Crop Block Grant Program. The purpose of the program is to solely enhance the competitiveness of Mississippi's specialty crop industry. Projects funded through the program must address at least one of the following priority areas: research, education/training/technical assistance, promotion/marketing, or food safety/product handling.

"Mississippi's Specialty Crop

Block Grant Program has made a positive impact on the specialty crop industry in the state over the past several years. This program has allowed the Mississippi Department of Agriculture and Commerce to have the resources to fund projects that focus on research, promotion, technical and financial assistance for growers, and educational activities. I highly encourage eligible entities to take advantage of this funding opportunity by submitting an application," said Hyde-Smith.

The Specialty Crop Block Grant Program is funded by the United States Department of Agriculture and authorized by the Farm, Food,

and Jobs Bill (2014 Farm Bill). Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and horticulture and nursery crops (including floriculture). Funding will not be awarded to projects that solely benefit a particular commercial product or provide a profit to a single organization, institution, or individual.

To obtain an application, visit the Alerts and Announcements section on www.mdac.ms.gov, call (601) 359-1196, or email susan@mdac.ms.gov. Applications will be accepted until 5:00 p.m. on May 15, 2014.

Cattle producers watch machinery wrap round hay bales in plastic at last year's Beef and Forage Field Day. Dr. Mike McCormick, director of the LSU AgCenter Southeast Research Station, explains how quality ryegrass can be used as baleage and provide high-protein feed.
