Watermelons Available for July 4th Celebrations

By Linda Breazeale
MSU Ag Communications

Mississippi watermelon growers battled frequent rains to get their crops planted and ready in time for the Fourth of July and other summer celebrations.

Heath Steede, an agent with the Mississippi State University Extension Service in George County, said local growers started harvesting watermelons the first week of June. Most are on track for average yields.

“Growers managed to plant around the spring rains. Then, the rains made it hard to get into the fields and spray for diseases

Most Mississippi watermelons are sold locally at roadside stands, farmers markets and tailgate operations. The demand for watermelons is always high for the Fourth of July.

in a timely manner,” Steede said. “Growers usually try to follow a spray schedule to keep the diseases under control. This year, we had a little more gummy stem blight, but that wasn’t too surprising with the weather conditions.”

Steede said the peak of watermelon season is around the Fourth of July, but growers will be harvesting into August. Mississippi has about 2,400 acres of commercial watermelons.

“South Mississippi growers are usually able to start harvesting early. Everybody wants them to be ready for the Fourth, but growers will try to space out harvests into late August,” he said. “Watermelons offer growers a good chance to turn a profit, but it’s always a gamble.”

Jeff Wilson, a regional horticulture specialist at the MSU North

Mississippi Research and Extension Center in Verona, said south Mississippi watermelons are typically a few weeks ahead of those in the northern counties.

“This year, we are behind a few more weeks. I’m not seeing any ripe locally grown watermelons yet, and July 4th is probably the earliest they will be ready,” Wilson said. “Everything is running behind because of the rains and cooler temperatures.”

Wilson said rains first delayed planting and then delayed pollination. Bees cannot pollinate plants, including watermelons and tomatoes, when it is raining.

“Growers had a tough time protecting plants from diseases. If they could get into fields to spray, then the fungicides might have been washed off before providing adequate protection,” he said.

“Although they will still be tasty, sweeter melons are produced when the skies are mostly sunny. The later melons should be sweeter than the first.”

Wilson said retail prices are typically between \$5 and \$8 each.

The 37th Annual Mississippi Watermelon Festival will be July 17 and 18 in Mize, Miss., a small town in southwest Smith County,

which includes watermelon eating contest, seed spitting contest, and the biggest watermelon contest. It’s a time to eat all the watermelon you can handle, compete in watermelon games, contests, great music, and enjoy the warm days of summer. For more festival information, call (877) 790-9722 or visit www.mswatermelonfestival.com.

Wonderful Watermelon!

Watermelon-Feta Bruschetta

2 tablespoons olive oil – preferably extra-virgin
2 cups diced watermelon
1 cup feta cheese – cut into fine diced cubes
2 tablespoons minced fresh mint
2 tablespoons minced fresh chives
4 teaspoons balsamic vinegar – or to taste
1 24-inch long loaf of crusty Italian or French bread
1 garlic clove - minced
1/4 cup extra-virgin olive oil
Salt and pepper – to taste

In a bowl toss together watermelon, cheese, chives, mint, vinegar, and salt and pepper to taste; set aside. To make toasts: Prepare grill or preheat broiler. With a serrated knife cut bread crosswise into 1/2-inch-thick slices. Combine 1/4 cup extra-virgin olive oil and garlic together and spread on one side of the cut bread. Arrange bread slices in one layer in a shallow baking pan and bake in the middle of oven until golden, about 10 minutes. Mound about one tablespoon of watermelon- cheese mixture on oiled side of each toast.

Grilled Spicy Watermelon

1 tablespoon lime zest
1/4 cup lime juice
1/4 cup honey
2 teaspoons garlic chili sauce
Pinch of salt
1 watermelon – medium sized
1 tablespoon fresh chopped cilantro

Preheat grill to high. In a bowl, whisk together lime zest, lime juice, 3 tablespoons of honey, garlic chili sauce and salt. Cut watermelon into 1-inch thick wedges. Lightly drizzle each side with remaining honey and place on the grill. Grill until just browned, about 2 minutes per side. Place watermelon slices on a plate and drizzle with lime dressing. Garnish with cilantro.

Creamy Watermelon Sherbet

5 cups watermelon puree – about 1 large watermelon
1 1/2 tablespoons unflavored gelatin
1 1/2 cups sugar
1/4 teaspoon ground nutmeg
1 1/2 cups milk
1 1/2 teaspoons fresh lime juice

Soften gelatin in 1/2 cup of the watermelon puree. Let stand for 5 minutes at room temperature and then heat gently to dissolve gelatin; cool slightly. Add remaining watermelon puree, sugar, nutmeg, lime juice and milk to gelatin mixture. Freeze the mixture in an ice cream freezer according to appliance directions.

Watermelon Rind, Carrot and Pineapple Slaw

Dressing:

1/4 cup fat-free, plain Greek yogurt
1/4 cup low-fat sour cream
1 1/2 tablespoons stone-ground mustard
1 tablespoon apple cider vinegar
4 teaspoons fresh lemon juice
1 tablespoon sugar
1 teaspoon poppy seeds
2 teaspoons olive oil
Dash of salt and pepper – to taste

Slaw:

4 cups grated watermelon rind with fruit and green peel removed
1 cup grated carrot
1 1/2 cups diced fresh pineapple

In a small bowl, combine ingredients for the dressing and blend thoroughly; set aside. Place watermelon rind on several layers of paper towels to soak up excess liquid. In a medium-sized bowl, combine dressing, grated watermelon rind, grated pineapple and diced pineapple, and toss to coat completely. Serve.

Watermelon Gazpacho

5 cups chopped seedless watermelon
1/2 cup chopped yellow onion
1/2 cup chopped green peppers
1/2 - 1 teaspoon salt
1/4 teaspoon pepper
1 teaspoon cumin
1/2 cup chopped cilantro
2 teaspoons chopped jalapeno
1 tablespoon lime juice
1/4 teaspoon chili powder
1 cup finely chopped seedless watermelon – reserved for garnish
1/2 - 1 cup finely diced avocado – reserved – optional

Puree the first 10 ingredients in a blender until smooth. Adjust the seasonings as needed. Chill in the refrigerator for at least one hour. Stir in the finely chopped watermelon and avocado at serving time. Very refreshing.

DOGS

Only **HERDING & HUNTING** dog breeds will be published. All dogs must be purebred. Mix breed dogs will not be allowed to advertise. Each subscriber is allowed to advertise only two dog breeds.

We cannot accept ads from any individual who is engaged in any type of puppy mill operation or acts as a dealer, broker, buncher, or agent in the business of buying and selling dogs and/or bred solely for profit rather than protection of breed integrity (as defined by the United States Department of Agriculture).

We do not list ads for any type of dogs at stud service. Only in-state residents are allowed to advertise within this category.

The Herding & Hunting dog breeds list utilized by the *Mississippi Market Bulletin* is endorsed by the Mississippi State Veterinarian and the Mississippi Department of Agriculture and Commerce.

It is the sole discretion of the *Mississippi Market Bulletin* to accept or reject any dog ad for submission.

TIMBER

Weighted Average Stumpage Prices (\$/ton) March/April 2015

Forest2Market Micromarket #	14" Pine Sawtimber	10" Pine Chip N Saw	Pine Pulpwood	Hardwood Sawtimber	Hardwood Pulpwood
1	\$21.82	\$13.71	\$7.18	\$23.33	\$7.95
2	\$22.48	\$15.71	\$5.16	\$22.68	\$6.86
3	\$21.51	\$10.36	\$5.38	\$25.00	\$7.01
4	\$25.13	\$13.76	\$6.32	\$24.01	\$12.49
5	\$23.74	\$16.07	\$8.53	\$23.11	\$6.52
6	\$24.75	\$20.20	\$8.56	\$30.74	\$8.23
7	\$29.60	\$18.35	\$11.40	\$27.67	\$12.90

This timber report contains aggregated individual timber sale stumpage data. Many variables, such as raw material demand, mill inventories, buyer competition, quality, topography and weather, play key roles in determining local prices. Pine Sawtimber prices are based upon a 14-inch Diameter-at-Breast-Height (DBH) log size. Pine Chip N Saw prices are based upon a 10-inch DBH log size. The stumpage prices shown here are reprinted with permission from the Timber Owner Market Guide; a bi-monthly publication of Forest2Market (www.forest2market.com).

UPCOMING LIVESTOCK SHOWS & SALES

Goat (Small Ruminant) Boot Camp

In recognizing the growing interest in goat production within the surrounding areas along with the Small Ruminant Farm Initiative through Natural Resources Conservation Service (NRCS), the Neshoba and Leake County Soil and Water Conservation Districts along with NRCS will be hosting a Goat (Small Ruminant) Boot Camp that will be held at the Neshoba County Coliseum. We will have specialists from Mississippi State University and Alcorn State University speaking on herd health, meat goat management, forage production/management, marketing/start-up of small farm operation, and USDA programs for fencing and water facilities. This Boot Camp is to educate small farmers and new farmers of some misconceptions of goat production and management.

The Boot Camp is being held at the
 Neshoba County Coliseum in Philadelphia, MS
 July 18, 2015 with registration beginning at 9:00 a.m.

If you are planning to attend this event you must register no later than July 6 so that we can get a count of meals to prepare. You can register by contacting the Neshoba County SWCD at (601) 656-8783 ext. 3 or the Leake County SWCD at (601) 298-9101 ext. 3.

Melons for Membership

By Lise Foy, Director
MS Agriculture & Forestry Museum

In April and May, the Ag Museum passed out thousands of watermelon seed packets. We invited people to UNPLUG from the digital world for a little while and take some time to plant watermelons with their family, school or friends. Our goal was to stay connected with our visitors from planting to harvest.

No matter where you got your seeds to plant your watermelon patch, we would like to invite you to bring your largest watermelon to the Country Fair on July 11 to enter the Biggest Watermelon Contest. Melon check-in will be from 10:00 AM until 11:00 AM. The winner will earn a Farm Family Membership Card, a new program I will explain below.

Have you ever thought about the history of large watermelons? Hope, Arkansas, has been holding a contest to see who could grow the largest watermelon since 1925, when Mr. Hugh Laseter presented his 136 pounder. His record has been broken many times since then. The most recent record holder won in 2005 with a melon grown by Lloyd Bright that weighed 268.8 pounds! A recent winner at the Mississippi Watermelon Festival in Mize, Mississippi, was grown by Mr. Colin Alexander weighing in at 134 pounds.

The Guinness World Record says the heaviest watermelon ever recorded weighed 350.5 pounds and was grown by Chris Kent of Sevier-

ville, Tennessee, in 2013.

If the melon you plan to bring to the Ag Museum weighs this much, please call us ahead of time. We will need to make some arrangements, but we definitely want to see it!

You don't have to enter the Biggest Watermelon Contest to become a member of the Ag Museum. Whether you plan to visit us ten times a year or one hundred, a membership will not only gain you access to the 40 acre campus filled with one of a kind sights to see and memories waiting to be made, but will also provide you with benefits your whole family can enjoy.

We offer two levels of membership; the Farmer (Individual) for \$25.00 and the Farm Family (Family of up to 5) for \$75.00. Memberships are good for all museum sponsored events for one year from date of purchase. Memberships may be purchased as a gift. When you purchase a gift membership for friends or family, the recipient will receive a welcome letter acknowledging you as the giver.

A Crop Card will be given to every membership (1 for Farmer and 1 for Farm Family). Crop Card loyalty points are generated by visitation and money spent while visiting. For every 5 visits, the member will receive a complimentary train ride or bottled drink at the General Store. On the 5th visit, the member will receive the reward.

For every \$50 that is spent at the Museum (train, carousel or store), the member will receive a 25% dis-

Participants in the 4 and Under Division practicing their watermelon seed spitting skills.

OLD FASHIONED COUNTRY FAIR

SMALL TOWN, MISSISSIPPI

WATERMELON SEED SPITTING CONTEST

RULES:

- ◆ **Each contestant will select three seeds for entry.**
- ◆ **The longest distance of any one seed spit will be judged as the final score.**
- ◆ **Seed spitting contestants will be divided into 5 divisions for scoring.**
- ◆ **All contestants may run towards the spit-off line or stand on the spit-off line.**
- ◆ **All competition seeds must fall within the designated playing field.**

count at the General Store. On the last \$5 punch, the member will receive the discount to be used for the next purchase.

Membership also gains you access to members-only programming and events like the members-only breakfast at 9:00 AM on July 11, including an interactive omelet cooking. Call us to register.

The second annual Small Town Country Fair will again feature the watermelon seed spitting contest. The distance to beat, held by the Women's Division, is 30 feet. Divisions include Ages 4 & Under, Ages 5-7, Ages 8-11, Women's Open and Men's Open. Other exciting activities include Chicken Scratch Bingo, sponsored by the Ag Museum Foun-

ation, Guess the Weight of the Beef Steer, sponsored by the Mississippi Beef Council, and Cooking Demonstrations, sponsored by the Mississippi Egg Marketing Board.

Join us on July 11, from 10:00 AM until 2:00 PM, for the Small Town Country Fair at the Ag Museum. Enjoy a slice of watermelon, the cup cake walk, train rides and make some great old fashioned memories.

The November 2014 fire has not stopped the Museum's effort to teach the next generation about the importance of agriculture and the innovations our ancestors developed to feed, clothe, and house themselves. Rebuilding efforts are underway, as well as continuing efforts toward the master plan reno-

vations which began in 2013. If you would like to make a donation to the 'Raising the Barn' campaign, make checks payable to the Mississippi Agriculture Museum Foundation, 1150 Lakeland Drive, Jackson, MS 39216.

The Ag Museum is located at 1150 Lakeland Drive in Jackson and is open Monday through Saturday from 9:00 a.m. to 5:00 p.m. In addition to our gallery and exhibit spaces, the Ag Museum also has room for your event, whether it's a meeting, a wedding or other special event. Call (601) 432-4500 for information.

Advertising Guidelines

The Mississippi Market Bulletin is published on the 1st and 15th of each month by the Mississippi Department of Agriculture and Commerce. The Mississippi Market Bulletin is an important way for the Department to disseminate news and information about issues affecting Mississippi's agriculture industry and the Department's operations.

Through its classified advertising section, the Bulletin provides a forum for Mississippi residents to buy and sell agricultural related items while also giving statewide exposure to small farmers who might not normally have the economic resources for such widespread advertising. The Bulletin does not publish commercial or display ads and all items offered for sale must have been produced, raised, grown or operated on the seller's property. Businesses, corporations, dealerships, brokers or other commercial enterprises are not allowed to advertise in the Mississippi Market Bulletin.

Advertising rules and guidelines have been established for the Mississippi Market Bulletin in order to comply with regulations enforced by the Mississippi Department of Agriculture and Commerce and to maintain the objectives of the publication. The staff of the Mississippi Market Bulletin reserves the right to edit, revise or reject any advertisement.

The Mississippi Market Bulletin assumes no responsibility for any notice appearing in the Bulletin nor for any transaction resulting from published notices. Advertisers are cautioned that it is against the law to misrepresent any product offered for sale in public notices or advertisements carried in any publication that is delivered by the United States Postal Service.

- In order to advertise in the Mississippi Market Bulletin you must be a subscriber. To place an ad, you must include your name, mailing address and account number that the subscription is listed under on each ad that you submit (this information will not be printed). **Each subscriber is allowed to advertise two ads in the Bulletin, listing one ad per category.**
- All listings must be agriculture related (raised, grown, produced or operated on your farm). At the top of your ad, write the category that the ad should be listed under. We reserve the right to edit, revise or reject each ad. Please print or type your ad.
- There is a 30-word limit for classified advertisements, this includes: price (on the item you are selling), your city, county and telephone number or name and complete address must be included in the ad if you do not list a telephone number. Ads cannot be held over from one issue to another. You must submit them for each issue.
- Out-of-state residents are not eligible to advertise with the following exceptions: Out-of-state ads are allowed in the "Wanting To Buy" category. Out-of-state ads are allowed for individuals owning farm property within the state that is being offered for sale (consisting of 10 acres or more).

Advertising Deadline Dates

JULY 15 ISSUE.....DEADLINE MON., JUNE 29, 2015 • 12:00 NOON

AUGUST 1 ISSUE.....DEADLINE MON., JULY 20, 2015 • 12:00 NOON

You must submit your ad for each issue. We do not hold ads over for multiple insertion.

Advertisement Submission Form

In order to advertise you must be a subscriber.

All classified ads must be 30 words or less.

We cannot run items for sale without a price.

See the Advertising Guidelines to the left for complete rules.

Colorful Vincas Thrive in Summer Landscapes

By Gary R. Bachman
MSU Horticulturist
Coastal Research & Extension Center

Our gardens and landscapes are heating up, and for hot summer color, you just can't beat the annual vinca.

In my opinion, vinca is one of those perfect landscape plants. It produces loads of color and handles the high heat and dry conditions of our Mississippi summers.

Some of the very best vinca plantings I have seen were growing in raised beds. But in some years, entire planting beds of vincas seemed to fail almost overnight. A common characteristic of these failures is wet soil. Vinca plants do not like to grow with their feet wet.

Another probable cause is cool weather. I know we all want to get the summer color out as soon as possible, but planting too early in the spring before temperatures start to rise can set up the conditions for root disease.

To address this potential problem, I like to recommend the Cora vinca series. Cora selections, along with Nirvana vinca, have the advantage of a high degree of tolerance to the disease problems that can impact other vinca selections.

Cora vinca has attractive, dark-green foliage with a leathery look and texture. It is the perfect background for the heavy production of colorful flowers. These plants are available as upright growers and also as my favorite type, the Cascade with a trailing habit.

Upright Coras will grow to about 14 inches tall with a wider spread. Their color options include white, lavender, violet, strawberry and red.

Cora Cascade vincas produce plants with good branching that create a nice, mounded mass 8 inches tall and up to 36 inches wide. The trailing growth habit is perfect for showing off big and showy flowers that come in colors of cherry, lilac, peach blush, polka dot and strawberry. I've gotten creative with the Cora Cascade peach blush in my landscape by planting them in Crocs repurposed as sconces on my fence. My neighbors just love my Croc Pots.

Just remember these tips when planting vincas in your garden and landscape for the best success. Vincas will always flower and grow best when planted in the full sun in raised landscape beds. The raised bed helps to achieve optimum planting soil drainage. This advantage is important because wet feet will cause flowering vincas to develop root rot problems.

You should always wait to plant until after May 1, when the landscape soil has warmed up. These

Colorful vincas, such as these Cora lavender plants, thrive in Mississippi's hot summer gardens, especially when planted in well-drained raised beds. (Photo by MSU Extension Service/Gary Bachman)

By turning old shoes into wall sconces and planting drought-tolerant vincas in them, gardeners can create fun and environmentally friendly "Croc Pots" in the landscape. (Photo by MSU Extension Service/Gary Bachman)

Apricot Cora vinca blooms stand out against the background of dark-green foliage. (Photo by MSU Extension Service/Gary Bachman)

plants are heavy feeders, so be sure to incorporate a quality slow-release fertilizer at planting. Monthly feedings with a water-soluble 20-20-20 or 20-10-20 will keep those flowers blooming.

Mulch with pine straw instead of a heavier mulch, such as pine or cypress bark, to allow better air move-

ment through the mulch. While vincas are drought tolerant during extended dry periods, the plants will benefit from some supplemental irrigation. But don't water overhead because it can splash disease organisms onto the plants. I recommend using drip irrigation applied directly to the soil.

Rains Can't Dampen Love for Blueberries

By Linda Breazeale
MSU Ag Communications

Frequent rains have complicated harvests and triggered some disease issues, but Mississippians' love for blueberries will not be dampened.

Luis Monterde, a blueberry grower near Purvis, said it takes a lot of patience to grow blueberries.

"Nature keeps throwing us curves. The frequent rains have made it hard to have a consistent and effective spray program to control diseases," Monterde said. "It hasn't been a smooth harvest. All the rain is making a lot of berries split, and then we have to wait for dry weather to harvest. The recent sunny days have helped."

For the week ending May 31, the Mississippi Agricultural Statistics Service reported 90 percent of the blueberry crop is in good to excellent condition. Mississippi has about 2,500 acres of commercial blueberries, primarily south of Interstate 20.

Eric Stafne is an associate fruit crops professor with the Mississippi State University Extension Service and the Mississippi Agricultural and Forestry Experiment Station based in Poplarville.

"Growers have been harvesting in south Mississippi for a few weeks," he said. "Southern high-bush varieties, which typically produce first, are

about finished, and rabbiteye varieties are just starting."

Stafne said growers typically spray fungicides regularly to prevent diseases from developing.

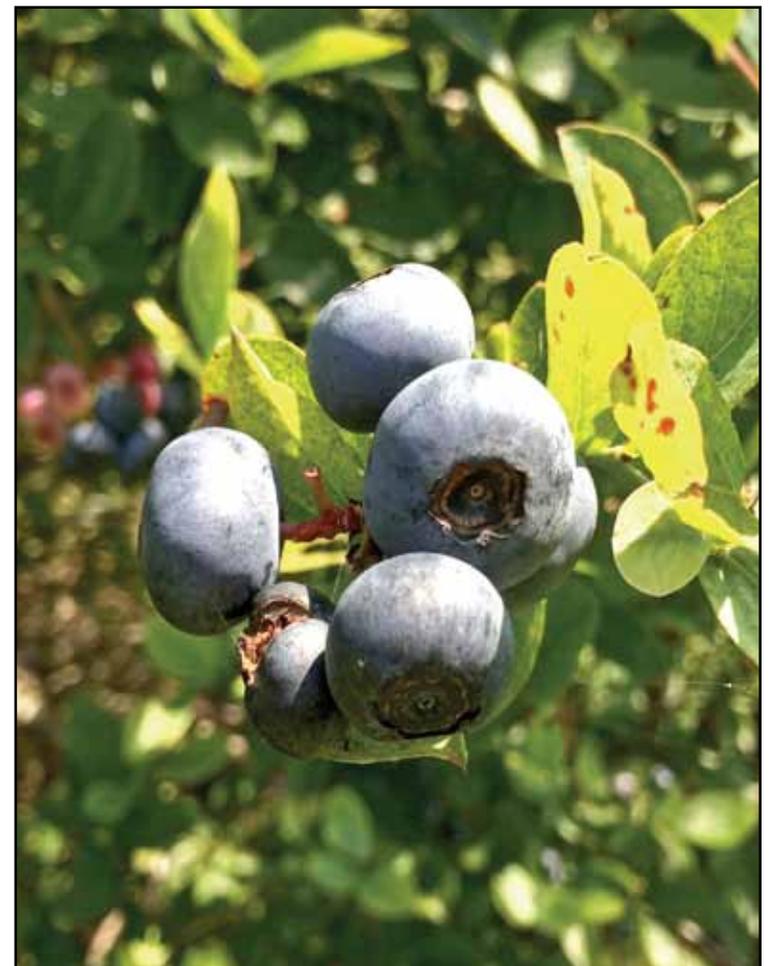

"If growers see diseases, they either missed the timing or the control was ineffective," he said. "Mummy berry and Exobasidium leaf and fruit spot are two diseases growers have battled more than normal this year."

Stafne said Exobasidium is new and not widely seen outside of the Southeast. Most cases are in low spots with reduced airflow and high humidity, often beside a pond or other water source in an area with a lot of trees.

"Exobasidium has thrown a monkey wrench into blueberry disease management because the challenges are so new," he said. "We don't know where it comes from or how it spreads, but research is underway in North Carolina and Georgia."

Jerry Hutto, a blueberry grower in Waynesboro, said prices for early berries ran around \$24 for a 9.5-pound flat. Now that the season is in full swing, prices are \$18-20 per flat.

"This year's crop has been the best in a while. The crop came in earlier than normal, ahead of insect pressure," he said. "Demand just keeps getting better every year."

Blueberries are ripe for the picking across much of the state if rains will allow opportunities for harvest. Bushes are loaded with berries, such as these photographed on June 2, 2015, in Poplarville, Mississippi. (Photo by Eric Stafne)
